

International MPH Program

Master of Public Health in Health Systems Administration & Global Health Leadership

THE I-MPH AT A GLANCE -

- 1 year program length
- Accredited in the U.S., Europe, and Israel
- Special focus on nurturing in-demand public health leadership skills
- Highly affordable, no GRE required
- Student & alumni network spanning 25+ countries: South Africa, India, Canada, Taiwan, U.S., Argentina, Cameroon, and more
- Taught in English
- Location: Israel, one of the world's most unique regions, known for its successful healthcare system, diverse population, and culture of innovation
- World-renowned, multi-national faculty

The University of Haifa's International Master of Public Health (I-MPH) Program is dedicated to providing students with a strong foundation from which to critically examine current global health challenges, and moreover, the skills which are necessary to be successful leaders and administrators. The I-MPH resides within the School of Public Health in the Faculty of Welfare and Health Sciences.

Unique features of the I-MPH:

- The program consists of seminars and courses taught by leading academics in their field of specialty, as well as a **hands-on practicum** that gives students an opportunity to integrate coursework in a real-world setting, either in Israel or abroad.

Examples of past practicum placements:

- The Department of Child and Maternal Health at the Israeli Ministry of Health,
 - Israel Centers for Disease Control (I-CDC),
 - Rehabilitation clinics for sex workers and embattered women,
 - Hospitals and medical centers world-wide,
 - Community Mental Health Centers,
 - Health-tech companies,
 - NGOs,
 - Partner departments at the University of Banja Luka in Bosnia & Herzegovina
 - University research centers,
 - and more...
- The I-MPH has a particular focus on **leadership**. Leadership skills are explicitly taught and nurtured throughout the program.
 - The program is truly global. From the locale, to the multi-national faculty and guest speakers, to our diverse student body.
 - **The program is only one of five public health programs outside of the U.S. to be accredited by CEPH (Council on Education for Public Health)**

Life after the I-MPH

Global public health is a multidisciplinary specialty, leaving graduates of the program with a broad range of career options. Graduates go on to exciting careers in ministries of health, non-governmental organizations, multi-lateral agencies (ex. WHO), governmental agencies (ex. USAID, in-country ministry of health), advocacy groups, disaster relief organizations, hospitals, clinics, health care businesses and start-ups, or research and academic institutions.
